**CASTORIA.** The Kind You Have Always Bought

Written for the Advertiser. By Faith.

Written in a moment of thinking of what has happened not only to myself but all around us where death abounds.

A sudden thought is mine. Living forever in the breast. Those who have loved and who loved me. Have passed from sight to a deep sleep. Voiceless, motionless and supine.

And can no ray of light shine through the haunting pall of death? Is there no hope, no aftermath. No gleam nor help to guide me now? I lift my troubled eyes to heaven. There to behold a sign.

I hear a word, "O Faith be thine!" The darkness of death is given. O Priceless Balm! O Power Divine! All joy of earth is thine! Some thou, and thou alone, canst save; Both life and death are joys of mine.

**Children's Corner.** Center Lovell, Maine.

Dear Editor:—I will try to write another letter. My school closed last Friday, we had a very nice time, we played games and the teacher had a fine treat for us of candy and popcorn.

For pets I have two cats and a horse. The horse's name is Topsy. My father has fifteen head of cattle this winter. We have four cows, their names are Carrie Caroline, Reddy, Flossie, May and Pony Pink. He has a nice pair of oxen and steers, the steers names are Tom and Tim.

I have been up to my uncle's and had a man playing on a phonograph. I like to hear them. Well I must close this letter. I will close it with two riddles.

There was a man, who had no eyes, he went abroad to view the skies. He saw trees with apples on it, he took no apples off, yet left no apples on it. What's that?

I've seen you where you never was, and where you never will be, and yet you in that very same place may still be seen by me.

I will sign my name in figures, 9-10-1-25-12-15, 1-14-4-18-5-23-19. Feb. 16, 1937.

**Child's Knitted Skirt.** Take two bone knitting needles with a ball on one end to prevent the stitches from slipping off. Cast on 108 stitches of cotton in any shade desired. White bordered with pink or blue is pretty but two shades of red are the most serviceable.

Seam the first row and knit back plain. For the next row, take up 2 together, knit 2 plain, thread over, knit 1 plain, over, knit 2 plain, slip 1, knit 1 plain, draw over slipped stitch.

Repeat this pattern all the way across the needle, then seam back, and repeat seven rounds.

Now tie on a different shade for the border and knit seven rounds. Break off the thread, tie on the first shade and knit five rounds. Knit back plain, seam once across, knit back plain.

Knit 2 together, 2 plain, 1 thread over, knit 1 plain, thread over, knit 2 plain, slip 1, knit 1, draw slipped stitch over. Do this three times, then knit back plain and seam across, knit back plain and repeat from the first. AUNT MARTHA.

**Pure White Lead** is the Natural Paint Pigment

Numerous compounds are being offered to the place of white lead as a paint, but no real substitute for it has yet been found.

Pure White Lead is a natural product, a peculiar property of amalgamating with the wood upon which it is used—added to this it has an elasticity which permits the paint to follow the natural expansion and contraction of the wood. Pure White Lead alone fulfills all the requirements of the ideal paint.

#### BUCKFIELD.

Funeral of Leslie Washburn.  
The funeral services of Leslie Washburn were held at the house Feb. 11, conducted by Rev. W. H. Athearn. Mr. Washburn had an attack of pleurisy in 1904 and bronchitis six weeks ago. The fever subsided and hopes were entertained of his recovery but complications arose making an operation necessary and he lacked the strength to recover, passing away Saturday morning.  
The funeral was largely attended and many beautiful flowers were brought. Mr. Washburn was a telegraph operator having worked in several stations on the P. & N. E. Ry. He lacked but a few days of being 21 years old and although physically handicapped by an injury received in childhood, his mental alertness made him the equal of many who were stronger and brought him many friends. He was the son of Mr. and Mrs. F. S. Washburn.

Mrs. Ellen Thomas is ill with grip.  
C. M. Irish is in South Paris being traverse juryman.

Mrs. C. B. Atwood is suffering from a severe attack of bronchitis. Her son's wife, Mrs. Fred Atwood, is caring for her.

Mrs. Augustus Cloutier, the village dressmaker, has been quite ill for several days with the grip. She is under the charitable institution if it can be shown otherwise.  
Rev. W. D. Athearn, who has been confined to his home for several days and unable to occupy his pulpit on account of a lame foot, is now improving and will soon be able to resume his pastoral duties.

Our hustling townsman and dealer in grain and feed has recently sold a shagreened horse, which tipped the scales at 517 pounds. Who can do better than this with their porkers? Mr. Lunt has a colt which attracts general attention. For size, height, style and step, we seldom see his equal. Horsemen from abroad already have their eye upon this valuable steed and will doubtless sooner or later pay the price and take the goods.

Two Norway young men were in town Friday looking after the brown-tail moth. Several nests were found at North Buckfield. It is feared that many farmers fail to realize the necessity of destroying every nest now. Nests are to be seen at W. H. Conant's barber shop and at J. M. Millett's at North Buckfield. Go and see them and then "keep yer eye peeled."

The town meeting did the following business:  
Moderator—C. H. Prince.  
Clerk—Alfred Cole.  
Selectmen—J. M. Millett, H. D. Irish, A. F. Warren.  
Road Com.—N. E. Bessey.  
School Com.—Alfred, J. E. Warren, F. R. Dyer.  
Treas.—A. E. Cole.  
Collector—A. E. Cole.

### HITS THE PAIN SPOT.

Why Neuralgic Anodyne is so Uniformly Successful.

When your nerves are throbbing from the pain of headache or neuralgia, or when your chest is racked and sore with a cough, you are not looking for a remedy that will give relief in a week or two. You want something that will cure at once. Neuralgic Anodyne is a remedy that hits the pain spot directly through external application, and by taking a little in sweetened water, soothes the whole nervous system and almost instant relief is gained. Working its way through the pores of the skin, Neuralgic Anodyne hits the pain spot at once, and cures the aching, miserable and throbbing nerves. It is also invaluable in cases of rheumatism. A large bottle costs but 25c., and is sold by dealers everywhere with the understanding that the money will be refunded if the remedy does not do all that is claimed. ## Rexall "93" HAIR TONIC

In these days when youth is the moving factor—when man has made his mark at thirty-five and is dubbed a "has been" at forty; when business houses pension the man we used to call "middle aged," rather than allow his lagging influence to intrude upon the modern commercial rush—a bald head is a serious handicap.

In the social world it is equally bad for a man, while for a woman—it is fatal. Few people can afford a bald head. Even those who can—those who are fixed socially, financially and matrimonially—have no wish to do so. But afford it or not, thousands of us are bald, either partially or wholly.

What caused baldness—whether an inherited tendency; whether through undue mental effort, sickness, dandruff or other scalp disease—makes no difference. What we want is HAIR.

Millions of dollars have been spent in vain efforts to grow hair on bald heads. Other millions have been spent in an effort to restore faded gray hair to its natural shade, and still others to banish dandruff. And still dandruff declined to disappear; hair refused to grow; lost tints of brown, blonde and auburn failed to return.

All this, however, is of the past. Failures have given place to success. A real hair tonic has at last been found. REXALL "93" HAIR TONIC is a positive cure for all hair and scalp troubles. It is not sticky or gummy, will not thicken on hair, does not become rancid, has no disagreeable odor. It is clean, agreeable and pleasant to use.

### THE STORY OF REXALL "93" HAIR TONIC.

NINETY-THREE sent enthusiastic reports of the remedy and gave details of the splendid effect in each individual case.

We therefore selected "NINETY-THREE" HAIR TONIC as the name of this preparation, which we believe to be the best. Could any other name be so significant of merit? Any test have been more fair? Any results more encouraging?

In buying REXALL "93" HAIR TONIC you take no chances whatever. If after a trial you are not more than satisfied we will promptly and cheerfully refund your money.

Before placing REXALL "93" HAIR TONIC on the market we realized that we had a formula of exceptional value, and yet we determined to give it a thorough trial before we offered it as a Rexall preparation. We therefore wrote to one hundred druggists in as many cities, asking the name of one customer who suffered from a disease of the hair and scalp. To each of these customers we sent three bottles of the hair tonic and asked them to try it and report upon it.

THE RESULT: Five reported no answer, two reported adversely and

Remember that dandruff is proof positive that microbes are at work on the roots of your hair. Then is the time to buy a bottle of REXALL "93" HAIR TONIC and begin treatment. Don't wait until you are bald.

"GREATLY ADDS TO BEAUTY."  
"I can most highly recommend Rexall '93' Hair Tonic as the best of preparations for the preservation of the hair and the promotion of its healthy growth. It not only preserves the hair and stops it from falling, but it gives it a gloss and sweetness which greatly adds to its beauty. Every woman should use Rexall '93' Hair Tonic as a dressing to the hair if she desires to keep her hair in the best condition."  
—Mrs. J. C. HALL, Palmyra, N. Y.

The Rexall Store

Cures all cases of dandruff, falling hair, irritation of the scalp, baldness, premature falling, scanty growth, and all those annoying affections of the scalp which scientists have found to be due to the presence of microbes. REXALL "93" HAIR TONIC restores the hair by first killing the microbes, by supplying a nutritive food element upon which the injured hairs may feed and regain health and strength by cleansing the scalp and strengthening the hair follicles. It assists nature to restore the color by making the hair healthy and enabling it to draw its own coloring matter from the pigment glands in the scalp. It is not a dye.

## Supreme Judicial Court.

(Continued from page 1.)

**Herbert F. Morse** of Rumford, from Emma Ryerson Morse of Milton Plantation for adultery. Gleason & Blanchard.

**Clarence H. Day** of Fryeburg from Laura Gertrude Day of parts unknown, for utter desertion. Fife.

**Mae E. Barnes** of Norway from Fred Barnes of Berlin Falls, N. H., for gross and confirmed habits of intoxication. Custody of minor child given to the mother till further order of court. Smith.

**Fannie J. Goodwin** of Woodstock from Elden S. Goodwin of Woodstock for cruel and abusive treatment. Custody of minor child given to the mother till further order of court. Fife.

**Alfred E. Richmond** of Oxford from Daniel S. Richmond of Oxford for cruel and abusive treatment. Custody of minor child given to the mother till further order of court. Fife.

**Fred D. Waldo** of Norway from Carrie Waldo of Lowell, Mass., under desertion. Wright & Wheeler.

**Annette M. Coolidge** from Henry P. Coolidge and another, habeas corpus of intoxication. Name changed to Briggs.

**Edward E. Farren** from Alice F. Farren for cruel and abusive treatment. Smith.

**Monday forenoon** a small amount of business was done mostly owing to the late arrival of the down train which brought the attorneys from Rumford Falls. In the afternoon there was quite a large crowd of spectators.

**Three boys**, Emile Cote, Willis Thero, and William Ouellette, were charged with the guilt of three indictments, breaking, entering and larceny. They were held on their recognizance to the October term.

**Eva LaBelle** retracted her plea of not guilty to two indictments, in cases of assault and seizure and pleaded guilty. Sentence in first case \$100 and costs taxed at \$11.43. Sentence in latter case \$100 and costs taxed at \$10.47.

The afternoon was taken up by a contested divorce case, George M. Locke vs. Grace E. Locke. Bissie & Parker for libelant; Deering for libelee.

Parties formerly lived in Northampton and Boston, Mass. For the past two years Mr. Locke has been in business in Rumford Falls. Libelant claims cruel and abusive treatment. When living in Northampton they lived with his wife's parents and claims that her mother and sister treated him in a very disagreeable and abusive manner. He would not stand it and went to Boston to work and wished her to come and live with him, which she would not do, seemingly being influenced to some extent by her mother and older sister. Various other matters were brought out for the libelant. Two witnesses testified to the good character of Mr. Locke.

Mr. Locke desired to have the libel dismissed without putting Mrs. Locke on the stand but the court did not agree to it.

Mrs. Locke flatly denied about every charge made against her.

The case of **Fred O. Walker**, executor against George W. Goding et al, appeared, James R. Stevenson and James S. Wright for Walker and Hon. John P. Swasey for Goding, was taken up Tuesday morning. At the opening of the case Mr. Stevenson and Wright claimed that as the recognizance from the court had not been signed by the judge that it was void and filed a motion that the appeal be dismissed. It was ruled that the court did not have jurisdiction over the matter. Then motion was sustained, appeal dismissed and judgment of lower court affirmed.

Case of **Walter S. Sessions vs. H. E. Hale** et al was defaulted.

A case of cruelty to animals against **Byron Littlefield** which was first heard before a trial justice at Buckfield, was argued by County Attorney Barnes.

The appealed liquor case of **Patrick Morgan** was continued.

**Mary LeMay**, assault and battery case, that has been before the trial justice at Canton was not pressed.

**Joseph B. Mitchell** of Rumford Falls, had five cases to answer for, two nuisance, two search and seizure and one single sale. The single sale case was continued also one of the nuisance cases. Mitchell pleaded guilty to the other three. Mr. Mitchell is the man who at the last term, though his attorney, had his case continued on account of being at the Keeley Cure in Portland, and wishing to finish the treatment. It would appear that the "cure" was not pressed at it as it stood that Mitchell has since then been handling liquors. It was stated that he was in poor health and it was decided to have him examined by the court physician, H. L. Bartlett, before imposing sentence.

Cases against **Fred Russell** defaulted. Two cases were against **Alfred Duffy**, who caused considerable sensation in this vicinity last year by breaking into several houses and is now insane and in a bad condition at the insane asylum. These cases were continued.

**Bertha West**, who was arraigned last term for adultery and pleaded insanity, was placed in the insane asylum for observation. It is stated that she is not insane but of weak will power. She has been discharged from the asylum and is now in charge of the overseers of poor at Rumford.

**Judge Deering** of the Saco Municipal court, was in attendance at the court house, Monday, being the attorney in the Locke divorce case.

**William Bassett** retracted his plea of not guilty in search and seizure case and was sentenced to pay \$50 and costs assessed at \$8.06. In default of payment within 10 days to be confined for 60 days in the work house at Auburn.

Tuesday the decision of the divorce case of **George M. Locke** from **Grace E. Locke**, for cruel and abusive treatment, which was tried Monday, was announced. Divorce was granted Mr. Locke. There was assembled a goodly sized audience at the court room Tuesday afternoon, both ladies and gentlemen, who seemed to expect that something interesting would be heard, but they were disappointed as court adjourned early in the afternoon with scarcely any business of interest done.

Court was delayed somewhat Wednesday morning, on account of the storm, and waiting for the arrival of the witnesses in the Robbins assault case. Just a few minutes before eleven the case was taken up before the second jury.

**Erwin W. and Oliver A. Robbins** are charged with assault on Daniel Pratt with intent to kill. County Attorney, Charles P. Barnes, for the State and Hon. John P. Swasey for the defense. Both parties reside on farms near Redding. The case is in the hands of the court.

**Chief Justice** has been assigned by the Chief Justice to hold the May term of court at Rumford Falls. He has promised the clerk that he will present his picture for the law library room.

The financial statement of the county of Oxford for 1906 shows that the March term of court cost the county \$4,922.11, the October term \$4,055.75.

his team into the woods after his last load of lumber. Previous to this signs had been put up forbidding anyone to cross, or operate on this land. One was in the road and had been placed outside of the road several times by him. On this seventh day of February Mr. Pratt left his house at 1.30 in the afternoon and as he was crossing the pond and nearing the wood lot he saw Mr. Robbins and his son, Oliver, in the woods with an ax and a tree standing in the road. About this time Mr. Barnes offered 2 coats, heavy cap and 2 pairs of mittens as State exhibits. They were recognized by Mr. Pratt as those worn by him.

There was a small tree also laying across the road. He also noticed sign again in road. The elder Robbins stepped towards him. **CATARH GROWING LESS.**

Due to the Use of Hyomei. Cures With out Stomach Dosing.

There has been a marked falling off of sales of catarrh cures in the local stores the past year. Medicines which were formerly purchased in gross lots are now seldom called for, and the druggist rarely buys more than a dozen at a time.

Hyomei is a notable exception to this decrease in sales. It is, in fact, largely responsible for the lessened sales of catarrh medicines, as it has cured so many people of catarrhal troubles that naturally there is less call for remedies for that disease.

There is no disagreeable stomach dosing with Hyomei. It is breathed through a neat pocket inhaler that comes with every Hyomei outfit. Frank Kimball, Noyes Drug Store, gives his personal guarantee that the money will be refunded unless the treatment cures, so that you run no risk at all in buying this reliable remedy.

The complete Hyomei outfit costs but \$1. extra bottles, if needed, 50c.

G., have had all the men and teams, both horse and oxen, "this side of Boston," until they have slaughtered nearly every tree in sight. One giant old King Pine lay near the camp waiting to be hauled to his doom, and stripped of his beauty, without the power to ever again whisper messages either cold or warm to sister and brother pines. We had a picnic dinner. Twenty-two men, women and children declared it good and returned home well paid for the "bumpy bumpy ride," as one of the ladies said. It was better than medicine.

## OXFORD.

**A Scrappy Town Meeting.**  
Oxford town meeting was held two weeks later than usual this year, and in consequence there were several present from the nearby towns. There was considerable evidence of that "Lewiston toxemia" among some of the citizens, but the meeting finally passed off without any broken bones and most of the scrapping was by vote for moderator. The closeness of the vote for moderator, which required two ballots, Cyrus Wardwell withdrawing after the first ballot in favor of Davis.

A surprise was sprung in the election of constable. John W. Chadbourne was supposed to have a clear field and no opposition, but Charles Hanscom, who had suddenly been on a still hunt bobbed up and captured the coveted position. The selectmen were made assessors and overseers of the poor. Town officers:

**Sudden Death.**  
Leonard Herrick died very suddenly, Wednesday, March 13. Mr. Herrick was driving home from Oxford village when he was stopped to assist a man who had up-reloaded a load of wood. While engaged in this task, he was suddenly taken ill and died. The cause of Mr. Herrick's death, James Cook, the mail carrier, stopped the team and took it to Otis Perkins. Mr. Herrick thanked Mr. Cook for stopping his horse and walked to the Perkins house. While talking he suddenly threw up his hands and exclaimed, "I cannot see," and fell backwards dying almost instantly. Mr. Herrick leaves a family of six children of whom two boys, Ernest and Walter, live at the home place. Mr. Herrick had enjoyed good health to the time of his death.

Rev. Mr. Newport preached the funeral sermon of Nelson Tenney in the promised land district in Poland, Thursday, March 14.

On account of ill health Rev. W. T. Chapman does not intend to preach next year, but will live in the vicinity of Portland.

A musical program followed the organization. The object of this club is to gather together all former residents of Oxford now living in Portland, at least once every month for social reunion.

Craigie lodge, K. of P., held their 10th annual ball at Robinson hall, Friday evening, March 15, music by Oxford band, and a couple of imported players.

Former residents of the town of Oxford met Monday evening, March 11, with Mrs. Geo. F. Walker 6 Grant street, Portland, and organized the Oxford club.

A wedding in Boston of one of Oxford's most respected and popular young ladies. On Saturday, March 16, in Boston, Mass., Edie Parrott was united in marriage to Mr. Thomas O. Keohan of Portland. The wedding was evidently somewhat of a surprise to many of the friends of the bride, as she had been in Rhode Island and Massachusetts before returning to Oxford. Mrs. Keohan will reside in Oxford for a time but will ultimately live in Portland. Mrs. Keohan was married in Boston in order to escape the severe treatment which some too zealous friends are in the habit of instituting.

Edwin Fuller has a few trees tapped and has made about two gallons of syrup. Daniel Richmond is at work again after a somewhat severe illness with the grip.

On account of sickness in the crew, the basket shop has been closed since Friday of last week.

There will be prize speaking at Robinson hall, Friday evening, March 22, by members of Oxford high school.

Alton Delano has been taking a forced vacation from Hiram Academy, the prevalence of diphtheria necessitating the closing of the school.

Leland Stone, Walter Holden, Charles Jordan, Carroll Curtis, Frank Martin, and wife and Harry Andrews have been confined to the house with the prevailing cold.

George Hazen seems to be the most delighted man in town as a position on the board of selectmen was taken to his liking. If a new valuation is taken this year, the path of assessors will not be that they will undoubtedly get along all right.

A. S. Fuller from Poland Springs came to Oxford, Sunday, to attend the annual town meeting. Mr. Fuller said he had rather be moderator at Oxford's town meeting than be Governor of Maine.

David Dunn of Poland was a well known character in his day. Besides being a pretty cute lawyer, Mr. Dunn was noted for two things, his ready wit and fondness for telling stories, and the fact that he could chew more tobacco than any lawyer who visited court. David never kept a team but whenever he had a case in any of the surrounding towns, would trot his horse and umbrella under his arm and cheerfully trudge to his destination. Mr. Dunn told this

one on himself. He had occasion to come to Oxford one very hot day in July and started to walk his six miles in the cool of the morning. As he was nearing Oxford village, he overtook a small, red headed, freckled faced boy with a fishing pole over his shoulder, and three small pickers in his hand. David chatted with the boy and as he was a great hand to kid one, thought he would have some sport with him. He finally asked the boy how much the fish were worth. "Bout thirty cents," said David, "why if you had that string of fish in New York you could get three dollars for it." Quick as a flash came the reply from the freckled faced kid, "If I had a bucket of water in my hand I could get a million for it."
